Dear Mr. Holly,

Almost all of the errors noted in your letter were the result of incorrect coding of contributions, as noted below. We have taken steps to ensure this does not repeat itself and to amend our reports in conformity with reporting guidelines.

In response to the specific questions you raised, please see below.

1. Corporate Contribution Inquiry.

The contribution reported from Land O' Lakes was from the Land O' Lakes PAC. It was entered on the wrong line of our report and will be amended to reflect the proper line and name of the organization.

2. Excessive Contributions.

Michelle Bradley- the contribution received on January 29, 2012 was intended to apply toward the primary and general election. It was incorrectly recorded in our system and on our report as being for the primary only. We have confirmed this intent with the contributor and corrected our records and it will be reflected on our amended report.

Steve Cossack- the contribution was received on March 29, 2012 and redesignated on April 14, 2012 and this correction will be reflected in our amended report.

Mark Evenstad- this contribution was received on February 24, 2012 and redesignated on April 14, 2012 and this correction will be reflected in our amended report.

Ian Friendly- the contribution received on March 29, 2012 was redesignated, \$500 to the primary and \$1,000 to the general on April 14, 2012 and these corrections will be reflected on our amended report.

Ann Hoffman- the contribution was received on March 26, 2012 and was redesignated on April 14, 2012 equally between the primary and general.

Norman Hoffman - the contribution was received on March 26, 2012 and was redesignated on April 14, 2012 equally between the primary and general.

Henry Plain- the contribution received on January 31, 2012 was intended to apply toward the primary and general election. It was incorrectly recorded in our system and on our report as being for the primary only. We have confirmed this intent with the contributor and corrected our records and it will be reflected on our amended report.

3. Excessive Contributions from Committees.

Dow Chemical- the contribution received from Dow on March 6 was intended to be applied to the remaining limit for the primary and the balance applied to the general election limit. We errantly applied this only to the primary. We have confirmed this intent with the contributor and have corrected our records. This correction will be reflected on our amended report.

Endo PAC- The contribution received on March 31 was intended for the general election and was incorrectly recorded in our system as applying to the primary. We have re-confirmed this with the contributor, corrected our records, and it will be reflected in our amended report.

McKesson Corp. Employees PAC- The contribution received on November 28, 2011 should have been applied to the general election and was incorrectly noted on our report as applying to the primary. We have reconfirmed the intent with the contributor, corrected our records, and it will be reflected in our amended report.

4. Contributions from Unregistered Organizations.
